

There is a new book on Australian leadership out that might interest OTU members. 'Leadership Secrets of the Australian Army' is Nicholas Jans salute to leadership in an institution in which leadership really matters. It is based on a raft of examples across the last half-century, with many of the more important coming from the experiences of OTU graduates. For details on the book and on the launch events in Sydney (8th of August), Canberra (27th of August) and Melbourne (29th of August), go to www.leadershipsecrets.com.au.
