

Webmaster,

Please add the following to the information when sent out to Victorian members about the Geddes Dinner:

**'Plan Scheyville' at RMC Duntroon**

RMC Duntroon is the repository of the history of officer training. Exercises are named after Duntroon, Portsea, Georges Heights (WRAAC Officer Training School) and Scheyville.

This year under 'Plan Scheyville' a team from RMC will participate in a military skills competition at West Point in the US. RMC Duntroon has requested the OTU Association support this activity by the provision of OTU Scheyville ties to the team to be worn on occasions where civilian dress is required.

The association does not hold enough ties to provide the team with a tie each and the manufacturer cannot provide them before the 5 April deadline.

A 'Plan B' is for eight association members to donate their tie for 'Plan Scheyville' to make up the short fall. These ties will be collected from members at the completion of the Geddes Dinner.

The ties will be cleaned and sent to RMC along with those from stock.

Members donated ties will be replaced by new ties once they are manufactured.
