Alec James Ball 3/66

Passed away 3 October 2005

"AJ" as he was known to many was respected for his determination and tenacity. His career included agricultural science, the family's butcher shop in Leitchville Victoria and retail distribution. He overcame a major stutter to enable him to succeed at OTU. Alec visited PNG on a school excursion and was excited to be posted to PNG after graduation from OTU. In 1984 he and his family went back to live in PNG for about ten years. During this time Alec suffered major head injuries in an attack by the local rascals in Rabaul. It is suspected that this ultimately led to his first major stroke about a year ago. He is survived by his wife Marion and children Leisha and Trent.
